ISACA Atlanta is not responsible for the content or accuracy of this job posting.

***JOB DESCRIPTION**

Performs risk-focused Information Technology risk assessments and examinations including assessments of IT strategy and execution, and evaluations of IT management and controls in financial institutions and technology service providers. Elements of these risk assessments and examinations include the analysis and evaluation of operational and technology risk management, systems of internal controls, the quality of the internal and external audit functions, the technology development and acquisition processes, and the technology support and delivery capabilities. Also provides support, technical expertise, and training for the domestic safety and soundness examination teams and foreign banking organization examination teams. This work is conducted within the overall risk based supervisory framework of these domestic and international institutions.

***JOB REQUIREMENTS**

- Financial Institution IT examination, IT audit, or bank operations experience required. Audit management, bank operations management a plus.
- Strong verbal and written communication skills.
- Candidate must be a team player, a self-starter, and innovative.
- Must have ability to plan, organize, manage multiple assignments, and adhere to established time frames.
- Strong critical thinking and analysis skills required.
- CPT, CBA, CISA, CISSP, or CIA designation a plus.
- Position level will be based on the nature and length of prior work experience.

This is not necessarily an exhaustive list of all responsibilities, duties, performance standards or requirements, efforts, skills or working conditions associated with the job. While this is intended to be an accurate reflection of the current job, management reserves the right to revise the job or to require that other or different tasks be performed when circumstances change (e.g. emergencies, rush jobs, change in workload or technological developments).

Special Requirement regarding Citizenship Status

By law, this position requires that you fall within one of the following citizenship categories:

- United States Citizen
- United States National
- Lawful Permanent Resident Alien ("green card" holder) who plans to apply for citizenship when he/she becomes eligible and applies for citizenship within six months of becoming eligible.

If you are selected for interview, you will be required to present documentation of your compliance with the above requirement prior to interview. Under no circumstances will the Reserve Bank offer this position to you if you cannot provide proof of your compliance with this requirement.

Access to Confidential Supervisory Information: Due to the Supervision & Regulation Division's access to confidential supervisory information concerning financial institutions, employees in this position will be required to disclose and address conflicts of interest within the financial industry. Examples include stock ownership and indebtedness.

A writing sample is required.

Travel:	40% - 60% is required
Education:	College degree is required
Experience:	A minimum of five years of relevant experience is required for Examiner and Sr. Examiner positions. Experience in the financial services industry, banking regulatory environment, commercial banking, or major audit firm is a plus.
Relocation:	Relocation may be considered.
